

Amendment #2
Offered by Mr. Stivers and Mr. Posey

On Page 2, at the end of line 30, insert the following:

“In particular, the Committee is committed to ending youth homelessness. Children remain an over-represented group within the homeless population, with an estimated 4.2 million youth and young adults up to age 24 experience homelessness each year according to the Department of Education, disrupting their education, increasing their risk of mental illness, and increasing the cost of the delivery of health care and other social services.”
