under this Act—

(1) hold a community meeting and provide in-
formation to all residents who occupy a dwelling unit
in public housing or assisted housing subject to the
transformation plan of—

housing options; and

(C) all planned replacement housing units;

and
(2) solicit from each resident information regarding the resident’s desire to return to the replacement housing units constructed upon the original public or assisted housing location, interest in moving to other neighborhoods or communities, or interest in retaining a voucher for rental assistance.

(b) Resident Involvement.—

(1) In General.—Each transformation plan assisted under this Act shall provide opportunities for the active involvement and participation of, and consultation with, residents of the public and assisted housing that is subject to the transformation plan during the planning process for the transformation plan, including prior to submission of the application, and during all phases of the planning and implementation. Such opportunities for participation may include participation of members of any resident council or tenant organization, but may not be limited to such members, and shall include all segments of the population of residents of the public and assisted housing that is subject to the revitalization plan, including single parent-headed households, the elderly, young employed and unemployed adults, teenage youth, and disabled persons. Such opportunities shall include a process that provides oppor-
tunity for comment on specific proposals for redevelopment, any demolition and disposition involved, and any proposed significant amendments or changes to the transformation plan.

(2) Public Meeting.—The Secretary may not make a grant under this Act to an applicant unless the applicant has convened and conducted a public meeting regarding the transformation plan, including the one-for-one replacement to occur under the plan, not later than 30 days before submission of the application for the grant under this section for such plan, at a time and location that is convenient for residents of the public and assisted housing subject to the plan.

(3) Significant Amendments or Changes to Plan.—An applicant may not carry out any significant amendment or change to a transformation plan unless—

(A) the applicant has convened and conducted a public meeting regarding the significant amendment or change at a time and location that is convenient for residents of the public and assisted housing subject to the plan and has provided each household occupying a dwelling unit in such public and assisted housing
with written notice of such meeting not less than 10 days before such meeting;

(B) after such meeting, the applicant consults with the households occupying dwelling units in the public and assisted housing that are subject to, or to be subject to the plan, and the agency submits a report to the Secretary describing the results of such consultation; and

(C) the Secretary approves the significant amendment or change.

(c) **Right To Return.**—The Secretary may not approve a transformation plan under this Act unless the plan provides that each resident of public or assisted housing displaced by activities under the transformation plan who wishes to return to the on-site or off-site replacement housing provided under the plan may return if the resident—

(1) was in compliance with the lease at the time of departure from the housing subject to rehabilitation or demolition; and

(2) would be eligible, as of the time of such return, for occupancy under the eligibility, screening, and occupancy standards, policies, or practices applicable to the housing from which the resident was displaced, as in effect at such time of displacement.
(d) Relocation, Notice, Application for Vouchers, and Data.—All relocation activities resulting from, or that will result from, demolition, disposition, or both demolition and disposition, to be carried out under a transformation plan relating to a grant under this Act shall be subject to the following requirements:

1. Uniform Relocation and Real Property Acquisition Act.—The Uniform Relocation and Real Property Acquisition Policies Act of 1970 (42 U.S.C. 4601 et seq.) shall apply. To the extent the provisions of this subsection and such Act conflict, the provisions that provide greater protection to residents displaced by the demolition, disposition, or demolition and disposition, shall apply.

2. Relocation Plan.—The applicant shall submit to the Secretary, together with the application for a grant under this Act, a relocation plan providing for the relocation of residents occupying the public or assisted housing for which the demolition or disposition is proposed, which shall include—

   (A) a statement of the estimated number of vouchers for rental assistance under section 7 that will be needed for such relocation;
(B) identification of the location of the replacement dwelling units that will be made available for permanent occupancy; and

(C) a statement of whether any temporary, off-site relocation of any residents is necessary and a description of the plans for such relocation.

(3) NOTICE UPON APPROVAL OF APPLICATION.—Within a reasonable time after notice to the applicant of the approval of an application for a grant under this section, the applicant shall provide notice in writing, in plain and non-technical language, to the residents of the public and assisted housing subject to the approved transformation plan that—

(A) states that the application and transformation plan has been approved;

(B) describes the process involved to relocate the residents, including a statement that the residents may not be relocated until the conditions set forth in section 9 have been met;

(C) provides information regarding relocation options; and
(D) advises residents of the availability of relocation counseling as required in paragraph (7).

(4) NOTICE BEFORE RELOCATION.—Except in cases of a substantial and imminent threat to health or safety, not later than 90 days before the date on which residents will be relocated, the grantee shall provide notice in writing, in plain and non-technical language, to each family residing in a public or assisted housing project that is subject to an approved transformation plan, and in accordance with such guidelines as the Secretary may issue governing such notifications, that—

(A) the public or assisted housing project will be demolished or disposed of;

(B) the demolition of the building in which the family resides will not commence until each resident of the building is relocated; and

(C) if temporary, off-site relocation is necessary, each family displaced by such action shall be offered comparable housing—

(i) that meets housing quality standards;

(ii) that is located in an area that is generally not less desirable than the loca-
tion of the displaced family’s housing, which shall include at least one unit located in an area of low poverty or one unit located within the neighborhood of the original public or assisted housing site; (iii) that is identified and available to the family; and (iv) which shall include—

(I) tenant-based assistance, except that the requirement under this subparagraph regarding offering of comparable housing shall be fulfilled by use of tenant-based assistance only upon the relocation of the family into such housing;

(II) project-based assistance;

(III) occupancy in a unit operated or assisted by the public housing agency or the owner of the assisted project demolished or disposed of under this section, at a rental rate paid by the family that is comparable to the rental rate applicable to the unit from which the family is relocated; or
(IV) other comparable housing.

(5) Search Period.—Notwithstanding any other provision of law, in the case of a household that is provided tenant-based assistance for relocation of the household under this section, the period during which the household may lease a dwelling unit using such assistance shall not be shorter in duration than the 150-day period that begins at the time a comparable replacement unit is made available to the family. If the household is unable to lease a dwelling unit using such assistance during such period, the grantee shall extend the period during which the household may lease a dwelling unit using such assistance, or at the resident’s request, shall provide the resident with the next available comparable public housing unit or comparable housing unit for which project-based assistance is provided.

(6) Payment of Relocation Expenses.—The grantee shall provide for the payment of the actual and reasonable relocation expenses, including security deposits, of each resident to be displaced and any other relocation expenses as are required by the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.
(7) Comprehensive relocation counseling.—The grantee shall provide all advisory programs and services as required by the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and counseling for residents who are displaced that shall fully inform residents to be displaced of all relocation options, which may include relocating to housing in a neighborhood with a lower concentration of poverty than their current residence, a neighborhood where relocation will not increase racial segregation, or remaining in the current neighborhood. Such counseling shall also include providing school options for children and comprehensive housing search assistance for households that receive a voucher for tenant-based assistance.

(8) Timing of demolition or disposition.—
The grantee shall not commence demolition or complete disposition of a building subject to the approved transformation plan until all residents residing in the building are relocated.

(9) Timing of relocation.—The applicant shall not commence relocation before approval by the Secretary of the transformation plan providing for the demolition or disposition, unless the applicant generally relocates residents in accordance with this
section, as determined by the Secretary, except in the case of a substantial and imminent threat to health or safety.

(e) MONITORING OF DISPLACED HOUSEHOLDS.—

(1) GRANTEE RESPONSIBILITIES.—To facilitate compliance with the requirement under subsection (a) (relating to right of residents to return), the Secretary shall, by regulation, require each grantee of a grant under this section, during the period of the transformation plan assisted with the grant and until all funding under the grant has been expended—

(A) to maintain a current address of residence and contact information for each household affected by the transformation plan who was occupying a dwelling unit in the housing that is subject to the plan; and

(B) to provide such updated information to the Secretary on at least a quarterly basis.

(2) CERTIFICATION.—The Secretary may not close out any grant made under this section before the grantee has certified to the Secretary that the agency has complied with subsection (a) (relating to right of residents to return) with respect to each resident displaced as a result of the transformation
plan, including providing occupancy in a replacement
dwelling unit for each resident who requested such
a unit in accordance with such subsection.

(f) PREFERENCE.—A returning resident shall be pro-
vided a preference for occupancy of on-site or off-site re-
placement units before such units are made available for
occupancy by any other eligible households, or the resident
may choose to retain tenant-based voucher assistance pro-
vided under section 8(o) of the United States Housing Act
of 1937 (42 U.S.C. 1437f(o)) for relocation from the prop-
erties revitalized under a transformation plan assisted
with a grant under this Act.

(g) PROHIBITION ON RE-SCREENING.—A public
housing agency or any other manager of on-site or off-
site replacement housing shall not, through the application
of any additional eligibility, screening, occupancy, or other
policy or practice, prevent any person otherwise eligible
under subsection (a) from occupying a replacement hous-
ing unit.

SEC. 8. ONE-FOR-ONE REPLACEMENT OF PUBLIC AND AS-
SISTED HOUSING DWELLING UNITS.

(a) ONE-FOR-ONE REPLACEMENT OF PUBLIC OR AS-
sisted Housing Units.—The Secretary may not ap-
prove a transformation plan that provides for dwelling
units to be demolished or disposed of unless the plan provides as follows:

1. **Requirement to Replace Each Unit.**—

   One hundred percent of the public and assisted housing dwelling units and units described in section 15(1)(E) that are demolished or disposed of pursuant to the transformation plan shall be replaced with a newly constructed, rehabilitated, or purchased public or assisted housing unit or with a newly constructed, rehabilitated, or purchased unit (including through project-based assistance) that is subject to requirements regarding eligibility for occupancy, tenant contribution toward rent, and long-term affordability restrictions that are consistent with such requirements for public and assisted housing dwelling units or for State units, as applicable, except that subparagraphs (B) and (D) of section 8(o)(13) of the United States Housing Act of 1936 (relating to percentage limitation and income mixing requirement of project-based assistance) shall not apply with respect to vouchers used to comply with the requirements of this paragraph.

2. **Other Requirements.**—Admission to, administration of, and eviction from replacement housing units that replaced public housing units, but
that are not public housing dwelling units, shall be subject to the following provisions to the same extent as public housing dwelling units:

(A) Section 578 of the Quality Housing and Work Responsibility Act of 1998 (42 U.S.C. 13663; relating to ineligibility of dangerous sex offenders).

(B) Section 16(f) of the United States Housing Act of 1937 (42 U.S.C. 1437n(f); relating to ineligibility of certain drug offenders).

(C) Sections 20 and 21 of the United States Housing Act of 1937 (42 U.S.C. 1437r, 1437s; relating to resident management).

(D) Section 25 of the United States Housing Act of 1937 (42 U.S.C. 1437w; relating to transfer of management at request of residents).

(F) Section 6(f) of the United States Housing Act of 1937 (42 U.S.C. 1437d(f); relating to housing quality requirements).
(G) Part 964 of title 24, Code of Federal regulations (relating to tenant participation and opportunities).

(3) RETENTION OF RIGHTS.—Tenants occupying a replacement housing unit shall have all rights provided to tenants of the housing from which the tenants were relocated.

(4) SIZE.—
   
   (A) IN GENERAL.—Replacement units shall be of comparable size, unless a market analysis shows a need for other-sized units, in which case such need shall be addressed.

   (B) BEDROOMS.—The number of bedrooms within each replacement unit shall be sufficient to serve families displaced as a result of the demolition or disposition.

(5) LOCATION ON SITE.—At least one-third of all replacement units for public and assisted housing units demolished shall be public or assisted housing units constructed within the immediate area of the original public or assisted housing location, unless the Secretary determines that—

   (A) construction on such location would result in the violation of a consent decree; or
(B) the land on which the public and assisted housing is located is environmentally unsafe or geologically unstable.

(6) LOCATION IN THE NEIGHBORHOOD.—Any replacement housing units provided in addition to dwelling units provided pursuant to paragraph (5) shall—

(A) be provided in areas within the neighborhood, except that if rebuilding the units within the neighborhood is not feasible, units shall be provided within the jurisdiction of the public housing agency—

(i) in a manner that furthers the economic and educational opportunities for residents; and

(ii) in areas offering access to public transportation; and

(B) have access to social, recreational, educational, commercial, and health facilities and services, including municipal services and facilities, that are comparable to services provided to the revitalized neighborhood from which residents were displaced.

(7) LOCATION OUTSIDE OF JURISDICTION.—If rebuilding replacement housing units within the ju-
risdiction, in a manner that complies with the requirements of clauses (i) through (iv) of subparagraph (A) and subparagraph (B) of paragraph (6) is not feasible, units may be provided outside of the jurisdiction of the public housing agency, but within the metropolitan area of such jurisdiction, provided the grantee requests, and the public housing agency or unit of local government in which such units shall be located, agrees to such transfer of units. All such units shall comply with the requirements of clauses (i) through (iv) of subparagraph (A) and subparagraph (B) of paragraph (6).

(b) Waiver.—

(1) Authority.—Upon the written request of an applicant for a grant under this Act submitted as part of the transformation plan pursuant to section 6, the Secretary may reduce the percentage applicable under subsection (a)(1) to the transformation plan of the applicant to not less than 90 percent, but only if—

(A) a judgment, consent decree, or other order of a court limits the ability of the applicant to comply with such requirements; or

(B) the applicant demonstrates that there is an excess supply of affordable rental housing
in areas of low poverty and provides data showing that, in the area surrounding the revitalized neighborhood—

(i) at least 90 percent of vouchers issued under section 8(o) of the United States Housing Act of 1937 over the last 24 months to comparable families were successfully used to lease a dwelling unit within 120 days of issuance or, if a sufficient number of comparable families have not received vouchers, an alternative measure, as the Secretary shall design, is met;

(ii) existing voucher holders are widely dispersed geographically in areas of low poverty with access to public transportation, education, and other amenities, as determined by the Secretary, among the available private rental housing stock; and

(iii) the applicant provides a market analysis demonstrating that—

(I) there is a relatively high vacancy rate among units that would meet or exceed housing quality standards, as determined by the Secretary, within the market area with rent and
utility costs not exceeding the applicable payment standard under section 8(o) of the United States Housing Act of 1937 (42 U.S.C. 1437f(o)); and

(II) such high vacancy rate within the market area is expected to continue for the next 5 years or longer.

SEC. 9. OTHER PROGRAM REQUIREMENTS.

(a) FAIR HOUSING.—The demolition or disposition, relocation, replacement, and re-occupancy of housing units in connection with a grant under this Act shall be carried out in a manner that affirmatively furthers fair housing, as required by section 808 of the Civil Rights Act of 1968 (42 U.S.C. 3608(e)). Grantees shall adopt affirmative marketing procedures, and require affirmative marketing activities of project owners and managers. Such special outreach efforts shall be targeted to those who are least likely to apply for the housing, to ensure that all persons regardless of their race, color, national origin, religion, sex, disability, or familial status are aware of the housing opportunities in each project funded with a grant under this Act.

(b) ACCESSIBILITY REQUIREMENTS.—All new construction and alterations of existing buildings carried out in connection with a grant under this Act shall comply
with the requirements of the section 504 of Rehabilitation Act of 1973 (29 U.S.C. 794), the Accessibility Standards for Design, Construction, and Alteration of Publicly Owned Residential Structures of the Department of Housing and Urban Development (24 C.F.R. part 40), the Fair Housing Act (42 U.S.C. 3601 et seq.), and any other requirements as determined by the Secretary.

(c) AFFORDABILITY REQUIREMENT.—Amounts from a grant under this Act may not be used for assistance for any housing property unless the owner of the property assisted agrees to a period of affordability for the property which shall be not shorter than the period of affordability to which the property is already subject and remains subject, or 20 years, whichever is longer.

(d) COST LIMITS.—Subject to the provisions of this Act, the Secretary shall establish cost limits on eligible activities under this Act sufficient to provide for effective transformation programs.
